JUNE 15, 1860.—Ordered to be printed.

Mr. E. B. WASHBURN, from the Committee on Commerce, made the following

**REPORT.**

*The Committee on Commerce, to whom was referred the petition of the American Pharmaceutical Association, praying that the laws relative to the importation of impure drugs be amended, report:*

That the general bill prepared by your committee codifying the revenue laws embraces amendments to the existing laws which, if adopted, will, in the opinion of your committee, as also of the Secretary of the Treasury, remedy the defects complained of; and as the subject is now before the House, your committee deem it inexpedient to report a separate bill in relation to the special matter referred to by your petitioners, and they therefore report back the petition and ask to be discharged from its further consideration.
